

Now Hiring Embroidery Project Maker

Position Description: Embroidery Project Maker

EmbroideryDesigns.com is looking for people who love machine embroidery! If you love to create embroidery projects, and teach others how to do it too, then we're looking for you. We have an immediate need for an Embroidery Project Maker to join our growing team. The ideal Project Maker should be well-versed in all things machine embroidery – from stitching to technical. They should also be able to think creatively, write clear instructions, and take excellent photos of their finished project and the steps to get there.

About EmbroideryDesigns.com

EmbroideryDesigns.com is determined to be the only resource needed for quality commercial and home embroidery designs and products. Our mission is to provide embroiderers with a fun and secure way to shop for great embroidery values, from the convenience of their homes. We value our customers' feedback, and use their requests when planning for future development and improvements.

Job Responsibilities

- Produce creative machine embroidery projects using designs from EmbroideryDesigns.com
- Clearly write steps and instructions for the projects created
- Photograph the final projects in staged environments
- Photograph the project's steps
- Upload the project and photos to the Embroidery Designs website for review
- Answer customer feedback on projects
